

# Rieter Com4 Yarn License

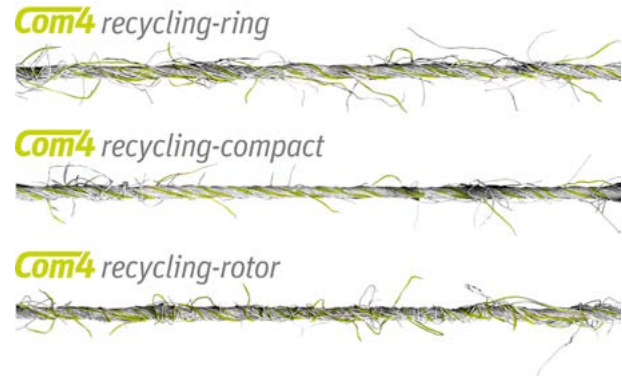

How to become a Com4 licensee

What is Com4  
and how is it used?

# How to become a Com4 licensee

What is Com4 and how is it used?

Com4 is a worldwide registered Rieter trademark for yarns spun on Rieter machines. The yarns fulfill the most challenging requirements. Outstanding properties and constant high quality safeguard the competitive edge in a demanding market.

## What are the advantages for a Com4 licensee?

If you want to distinguish yourself from the crowd, then use the trademark Com4. Rieter will actively support you with the marketing of your Com4 yarn by:

- publishing of sources of supply for the Com4 yarns
- worldwide communication at Rieter symposia
- presence in the trade press with articles and advertisements
- information on the internet

## Is it possible to license fabrics?

Yes, products (i.e. knitted or woven fabrics and garments) consisting of more than 50% of the licensed yarn can be marked with the corresponding yarn brand.

## What is the validation of a license contract?

The license contract is valid for 3 years.

## How can someone participate in the Com4 licensing system?

Either contact the responsible Rieter sales person or apply on the Rieter website [via application form](#). A Rieter professional core team will decide on a possible participation.

## Which yarn brands can be applied for and what are the preconditions?

Yarn brands	Precondition
Com4ring	yarn produced on Rieter ring spinning machines
Com4compact	yarn produced on Rieter compact-spinning machines or on Rieter ring spinning machines with the Rieter compacting devices
Com4rotor	yarn produced on Rieter rotor spinning machines
Com4jet	yarn produced on Rieter air-jet spinning machines
Com4recycling-ring	recycled yarn produced on Rieter card, draw frame and ring spinning machine, Global Recycled Standard (GRS) certification required
Com4recycling-compact	recycled yarn produced on Rieter card, draw frame and compact-spinning machine or ring spinning machine with the Rieter compacting devices, Global Recycled Standard (GRS) certification required
Com4recycling-rotor	recycled yarn produced on Rieter card, draw frame and rotor spinning machine, Global Recycled Standard (GRS) certification required
